

**BGLC & JRC: TRACK OPERATIONS PROTOCOLS & GUIDELINES FOR COVID19  
PREVENTION/CONTROL  
June 2, 2020**

The project was led with an approach that included well facilitated stakeholder engagement, a detailed site inspection, a thorough risk assessment, comparison to international industry benchmarks and best practices, compliance with the Ministry of Health and Wellness guidelines, development of plans with mitigating actions, assignment of responsibilities and accountability to ensure all actions can be implemented before Race Day scheduled June 13, 2020. Project management templates for 28 locations/scenarios were completed and a slide pack with pictures and actions to support Communication and Training of all parties for race Day and non-Race Day were completed and can be accessed.

The following items can now be confirmed by the Project team as being assessed for implementation in the plan before Race Day:

#	COVID-19 Risks	Comments (Mitigating Response)
1	Masks	Masks to be worn by all staff, service providers, patrons, security and visitors at all times; Mask free/breathing breaks allowed outdoors if > 6 ft except for areas: Saddling, Parade, Track, Starting Gate and Stables. Masks are optional for jockeys ONLY during the race and must be put on right after the race
2	MOHW guidelines	All guidelines for workplaces and public facilities have been implemented including social distancing, hand hygiene, respiratory hygiene, cleaning disinfection and sanitizing, water and waste management have been assessed and incorporated
3	Social distancing	Social distancing of 40sq ft/person will be mandatory in all areas unless unavoidable (e.g. Saddling Area) and this will be supplemented by the wearing of masks by all staff, patrons, visitors, stakeholders. Where necessary additional rooms have been found (e.g. Second Jockey area) or capacity limitations imposed (.e.g. Stands, Lounges, Recreation Room). Signs will be incorporated to ensure physical distancing.
4	Gatherings and Room Capacity	Gatherings for room accommodation for Trainers / Owners / Jockeys / Grooms / Stewards / Staff Personnel / Attendants /Stewards/Broadcasters will follow the 'one person per 40 square feet' guidelines at all times.
5	No food will be sold on property	No food will be sold in the stands. Patrons will be allowed to bring their food (obtained off-site) . Bar service will be provided using disposables only.
6	Saddling and Winning Enclosure areas	The Saddling area will be limited to a maximum of (3) persons excluding the Jockey. The Parade ring will include one person guiding the Jockey. The Winning Enclosure will include the Jockey and 4 persons (Trainer, Owner and Groom and one other). On all occasions everyone must be wearing a mask.
7	No Standing rules	All customary standing and gathering locations (e.g. around TV screens) will be stopped/blocked off. The Standing-room only viewing areas at the front of the grand stand will be closed off entirely. All other gathering areas in the stands will be blocked off and TVs will not transmit races – they will be used for COVID-19 infomercials and reminders. All crowd control will be supported by Security marshals who will be trained by June 11, 2020.
8	Starting Gate attendants	Starting Gate Attendants must wear masks at all times and will have access to an outdoor hand wash station and anti-bacterial (alcohol 62% - 70%) and be required to wash their hands after each race. The starting gate will be sanitized between each race.
9	Special guidelines are in place re sick / positive tested individual	Each employer is required to have a sick leave/absence policy for treatment of COVID. SVREL has a documented policy that is already in force. All Employers on site are obliged to keep current and up to date records to support contact tracing. The facility has a, Ambulance, EMTs, Triage tent on Race days as well as a First Aid Post (with a Medical Doctor on duty) and an isolation tent for any suspected cases.
10	All public spaces will be	High density areas/touch points will be cleaned and sanitized every two hours and others

	cleaned and disinfected after each race day	twice a day and all after each race day using the MOHW cleaning and disinfection guidelines.
11	Guidance signs will be erected all over the Park	COVID-19 signs will be placed across the Park including life sized signs, floor marker signs, wall signs, brochures and handouts and video on available TV screens.
12	Any one in breach of the guidelines will be removed from the Park	Any one in breach of the guidelines will be removed from the Park by the service provider for security who will complete their staff training by 11th June in preparation for Day 1 (June 13, 2020) for their role in the operation of Caymanas Race Track on race days and non-race days. They will be assigned as Marshals with specific responsibility for ensuring that COVID-19 appropriate social/physical distances are kept for queuing at the entrances and in the stands, including at cashier booths and in all gathering locations (e.g. lounges). They will secure restricted areas and monitor compliance with mandatory masking requirements. Training for these functions will be covered in Risk communication, Training, and Education with Orientation for Race Day for ALL with COVID-19 operational/procedural responsibilities.
